With a full week of fun filled exciting field trips.

It's Summer Camp

Coming June 2016 with more adventures to explore!

We provide hot lunch, afternoon snacks, activities, exciting field trips and fun, fun, fun!

~Information ~

It's a New Year… Let's get Started!!!

By Wanda Woods, Computer Instructor, GVR Metropolitan District

Cloud computing, hard drive storage, terabytes and USB ports (along with other valuable information) are discussed in the Basic Essential classes that are being offered at the GVR Metro District. We offer a variety of classes to include Basic Computer Essentials, Windows 8 Essentials and File Management, Word, Excel and PowerPoint. You can bring your own laptop (for Word, Excel and Power-Point, make sure you have those applications on your computer), or you can use one of ours if you don't have a laptop.

Any of our classes are opened to everyone whether you are a resident or non-resident of Green Valley. The cost is the same for all classes. Each class is $45, and 4 hours in length.

If you sign up for more than one class at the same time, the cost is $35/class. There is special pricing for seniors who are 55+ ($35). Classes are either taught on Mon and Tue from 6:00p – 8:00p or on Saturdays from 9:00a – 1:00p.

If you or someone you know has been thinking of taking computer classes, now is the time!!!

For more information regarding classes, visit www.gvrmetrodistrict.com, and click on the link on the right of the page for schedule and times. To register, contact La Vetta Murray at 303-307-3243. Can't wait to meet you there… sign up TODAY!!!

IMPORTANT PLEASE READ

This edition of the newsletter is being mailed out to all residents within the community that are not a part of our electronic distribution list. As part of our ongoing efforts to make this an economical newsletter, we prefer that you only request a hard copy to be mailed to you if you do not have access to a computer and/ or do not have an email address.

We post every edition of this newsletter on our website and email it to those that have requested it electronically. We are encouraging everyone that has the ability to receive it electronically to make that request so we can save additional community money.

***IF YOU HAVE NOT* contacted us previously to let us know your choice in receiving the newsletter, please do so now.**

Please contact Dee Mares at 303-307-3242 or email at dmares@gvrmetrodistrict.com.

What Entities are Responsible for What in Green Valley Ranch?

Board Meeting Change!

The Board meeting day for the Green Valley Ranch Master Association has changed! The meetings will now be held on the third Monday of each month. The meetings will remain at 6pm and be held at the GVR Metro District offices located at 18650 E. 45th Ave. If the Monday falls on a holiday, the re-scheduled date will be on the Association's website (www.gvrhoa.com).

Board Members Elected

At the District Delegate Annual Meeting on October 22, 2015, the Delegates re-elected Rose Thomas and Stephanie Brack to the Board of Directors for the Master Homeowners Association for Green Valley Ranch. The Board then elected officers at their meeting on December 2, 2015:

- President: Rose Thomas
- Vice-President: Stephanie Brack
- Secretary/Treasurer: Melissa Guzman

There are still two positons open on the Board of Directors. Please contact Peggy Ripko at 303-307-3240 if you are interested!

Peggy Ponders

By Peggy Ripko, HOA Supervisor

One of my favorite things to do when I drive throughout the community is to admire the decorations in people's yards. There are times that I go out of my way to see what specific houses are doing for that season! You can tell there are some homes whose favorite holiday is Halloween- the house with the ghost ring-around -the rosy decoration is my all-time favorite! There are some homes who love to decorate for the winter holidays. Just yesterday I took a picture of a house who decorated their front door like a snowman- super cute and something I plan to do with my kids!

So, I was extremely sad to recently hear from a homeowner that someone had taken some of the decorations out of his yard. Sad that someone who takes the time and energy to make their yard look as nice as possible and have to replace decorations as his reward. So, my request is this- look out for your neighbors. If you see something happening that seems out of place, call the police to investigate. You would want them to do the same for you!

Ten Reasons to Volunteer for the Community

by Karen Councilman, HOA Assistant

1. Protect your self-interests. Protect your property values and maintain the quality of life in your community.

2. Provide solutions. Work with neighbors to provide solutions to association matters.

3. Be sociable. Meet your neighbors, make friends, and exchange opinions.

4. Give back. Repay a little of what's been done for you.

5. Advance your career. Build your personal resume by including your community volunteer service.

6. Have some fun. Association work isn't drudgery. It is fun accomplishing good things with your neighbors.

7. Get educated. Learn how it's done—we'll train you.

8. Express yourself. Help with creative projects like community social activities.

9. Earn recognition. If you would like a little attention or validation, your contributions will be recognized and celebrated.

10. Try some philanthropy. Improve society by helping others.

Without volunteers our community will be unable to function, please give back and become a volunteer. There are many ways in which you can volunteer and make a difference not only in your life, but in the lives of others.

Tis the Season for…Random Acts of Kindness?

By Candice Kinchelow, HOA Inspector

Happy New Year GVR Residents! Whew…we made it to another year! It's that time of the year that many of us make New Year Resolutions. We want to lose weight, quit smoking, become financially secure, travel more, and so many others could be added to this list. Most of the time these New Year Resolutions are what we could use for ourselves alone. What would happen if we tweaked our resolutions just a bit? What would our lives look like if we lived a little less for ourselves and more for others? How would the end result play out in our personal lives? Have you ever thought about making random acts of kindness as one of your New Year's Resolutions…and even putting it at the top of your list? Better yet; making it a lifestyle!

Some of you may have heard about Zoey. She is an adorable 6 year old girl in our community who took it upon herself to gather needed items to homeless veterans with pets. Even at such a young age, she gets the concept of selflessly helping others. I think this shows outstanding character! We could all take a little something from Zoey. It doesn't matter how young or old you are; rich or broke-there is always something we can do to extend generosity.

We all have busy lives, schedules, and sometimes there are situations that make us unable to financially support others to the extent we would like to. You do not have to have endless time and lots of money to make a difference in someone's day. Saying hello to someone in passing, asking the clerk at the grocery store how their day is, or paying for the person in line behind you at Starbucks. These are simple (and sometimes free) examples to be generous on a day-to-day basis. No matter what our current situations are, we can always find time to make someone smile.

I want to give you something to chew on while making your list of resolutions. Consider making kindness a day-to-day routine. Let's resurrect the old saying, "treat others how you would like to be treated". We may not always get a "thank you" in return, but it's not about that. If we are truly doing this from the goodness of our hearts, then we need not look for something in return. It's a genuine concern for others; you never know what the smallest acts of kindness could do in someone's life. Here is to a happy, healthy, and kind driven New Year GVR!

(We would like to hear about your random act of kindness. Post a photo or comment on the CAB FB page, www.mygvr.org. Daily there is something devastating in the media. Let's bring some light into this, let it go viral and contagious! Or if you have been a recipient of a random act of kindness…please post it!)

Covenant Corner

From the Residential Improvement Guidelines Book

3.34 Energy Efficient Devices. ARC approval is required for all installation of exterior energy efficient devices.

A.**Solar energy Devices.** The placement of such devices must be clearly marked on submitted plans/ drawings. The type of device to be installed must be described with dimensions, color, and a brochure attached to the application. All devices shall be installed flush with the roof unless to do so will significantly decrease the ability of the device to collect solar energy. If being installed in the back yard, reasonable effort must be made to minimize reflection on adjacent houses. All installations must comply with building codes and other governmental regulations. Exception: Non hard-wired landscape/decorative lighting are allowed.

B.**Wind Turbines, Wind-Electronic Generations.** All installations of wind turbines and wind driven electric generators must comply with all applicable building and zoning codes. The location of such device(s) must be clearly indicated on submitted plans/drawings. The type of device to be installed must be described with dimensions, color, and an accompanying brochure.

Seed Mania!

by Rose Thomas, HOA Board President

The 1st Annual GVR Seed Swap was a success! It was held on Saturday, Oct. 3rd at the GVR Library. Hundreds of seeds were swapped and/or given-away to GVR residents. There was a wide variety of seeds to choose from including flowers, herbs, vegetables and trees! A special thanks to the volunteers (Vincent, Kiera, Erica, Shauna and Thomas) that helped me pull off this event and the avid seed collectors (Chris, Jodi, Kelly, Faye and Rose) for sharing your seeds, tips & techniques and love of seeds with the community. Two prizes were randomly drawn-congratulations to Kelly, she won the Topsy-Turvy growing kit and to Lee who won the $20 King Soopers gift card. Check out information about seed collecting at your local library or online to prepare for next year's event!

Seeds galore!
The Lime Basil was a fragrant hit!

Some of our avid seed collectors, from left to right: Faye, Rose & Kelly

Another avid seed collector, Chris, with a 'budding' young gardening enthusiast - his son, Silver.

Many flower seeds to choose from: Marigolds, Cosmos, Geraniums, Lilies, Sunflowers, Black-Eyed Susan, Echinacea, Daisies, etc.

Lights, please!

The Denver Police Department has told us that there are continuing burglaries in the area. They have also said that one of the major deterrents to theft is light! If they can be seen, the thieves tend to avoid that area. As a result we are hoping and asking homeowners to keep their area as light as possible! Please keep your porch lights on at night and call Xcel with any burnt out street lights! All you need to report the light is the six letter/number combination that is written on the pole. Call Xcel (1-800-895-4999) with that number and they will be out to fix it!

Save Water this winter with These Easy Tips

Source: Kimberly Unger, Denver Water

Did you know that your sewer rate is based on your February water consumption? Reducing your indoor water use any time of the year is a great way to keep your rates low and be an efficient water user.
Follow these tips to reduce your indoor water use:

- Check for leaks. Add food coloring to your toilet tank. If the color appears in the bowl, you have a leak. Look under sinks for moisture or dripping.
- Turn off faucets when washing hands, dishes or brushing your teeth.
- Fill up your dishwasher completely before running it.
- Reduce shower times to five minutes or less – make it a game with the whole family.

You can invest a little into home upgrades that equate to big savings:

- Replace toilets with low-flow models that use less water. Denver Water offers rebates on WaterSense®-labeled toilets that average 1.1 gallons per flush or less.
- Install a high-efficiency showerhead.
- Faucet aerators are inexpensive and easy to install. They mix air with water to provide water savings.
